Try your best

Grade:7

Name.....

MANS COLLEGE

ICT

1st Unit Examination - CPU

Time: 25 minutes

1. What is the Expanded form of CPU?

.....

2. What is meant by CPU?

.....

.....

3. Name the main components of central processing unit?

.....

.....

4. What are the two functions performed by Arithmetic & Logical Unit?

.....

.....

5. What is control unit?

.....

.....

6. What is memory register?

.....

.....

7. Which is the unit used to measure the speed of microprocessor?

.....

8. Who is the father of computer?

.....

9. If the speed of computer depends on CPU?(Yes/No)

.....

10. Complete the following table related to evolution of the Central Processing Unit

Generation of computer	Processor/ Technology used	Electricity Consumption	Unit measured For Execution Speed
First Generation			
Second Generation			
Third Generation			
Fourth Generation
